## **1.6 DISTRICT ECONOMY**

### **1.6.1 AGRICULTURE**

The main economic activity in the district is agriculture (fishing and farming) and agro-processing. Agriculture (including Fishing) and its related activities employ about 56% of the working population in the district.

The district has a very good potential for irrigation farming as it can boast of the Ayensu, Kwekude River and dam, and Okurudu stream.

Major Agriculture commodities produced in the district include cocoa, coconut, mango, oil palm, citrus, cowpea, yam, cassava, sweet potatoes, maize, pepper, garden eggs, okra, carrots, cabbage, tomatoes, pineapple, watermelon, and pawpaw. Notably, there are large and medium scale farmers who produce pineapple for export.

### 1.6.2 ROADS

The major roads in the district are the section of the Accra - Cape Coast (N1); The Kasoa - Bawjiase road; The Awutu – Obrachire road. There are other feeder roads that link and facilitate movement of people in the district but are only motorable in the dry season. However, periodic reshaping is done to keep the roads motorable all season. The road network available is summarized as First class (2km), Trunk roads (14km), Engineered Feeder roads (45km) and Un-engineered Feeder Roads (about 45km).

### 1.6.3 EDUCATION

The Education Directorate is made up of 8No. Circuits namely: Ayensuako, Awutu, Bawjiase (A&B), Bontrase, Obrachire, Senya, Beraku and Jei-Krodua. The number of schools in the district by levels are as given as Kindergarten/Pre-School (211) - Private (140), Public (71); Primary (207) - Private (136), Public (71); Junior High School (205) - Private (134), Public (71); Senior High School (5) - Private (0), Public (5), Technical and Vocational Institutions (0) and Tertiary (0). In all there are 410 Private schools and 218 Public schools and with a grand total of 628 of both private and public schools.

#### 1.6.4 HEALTH

The district has five (5) Sub-districts, two (2) public health centres located at Awutu Beraku and Bontrase. There are thirty (30) CHPS Compounds, two (2) Polyclinic, three (3) Clinics, five (5) Private Maternity Homes and One (1) Private Clinic & Maternity Home making a Total of Forty-two (42). The CHPS Compounds have Forty-Six (46) skilled personnel, One Hundred and Twenty (120) Health Centre Personnel, eighty-two (82) Polyclinic Personnel, three (3) Maternity Home Personnel, one (1) Personnel for Clinic & Maternity Home making a Total of 257.

#### 1.6.5 ENVIRONMENT

Vegetation in the District can be broadly classified as forest and savannah woodland. The environment is faced with some challenges, notable among them are: Sand winning, bushfire, logging, stone quarrying and inappropriate farming method which destabilizes the ecosystem. However, the Assembly, in collaboration with stakeholders, has put in measures to curb the menace of these environmental challenges.

### **1.6.6 SANITATION**

The category of solid waste generated comprises: plastics and polythene, Cartons and paper, Organic garbage, Metals, Broken bottles and glasses, Sawdust and wood shavings. One major challenge in this regard is the inadequate dumping sites leading to unauthorized dumping in the communities.

There are 11 communal refuse containers provided by Zoom Lion Company Limited and situated at vantage points in the district, especially markets where refuse is often generated. An additional refuse container was procured by the Assembly within the year, 2024.

Zoom Lion Company also carries out disinfection and disinfestation exercises and the desilting of public drains from time to time.

### **1.6.7 TOURISM**

The district is endowed with historical natural sites which would need some level of marketing and investment. A historical monument in Senya called the Good Hope Fort is located along the Gulf of Guinea and was built by the Dutch is considered the second Fort/Castle built in the Central Region of Ghana. Spots of forests in the hinterlands have some natural stone caved feature that needs development and promotion. Forests around Bontrase, Bawuanum, Bosomabena and other areas could be developed with canopy walk ways. The topography of the areas which come in the form of valleys and hills around the forests can also be developed by investors with artificial rivers and golf courses.

## **1.7 KEY DEVELOPMENT ISSUES**

Amongst the key issues of the District Assembly are:

- a. Violation of laws on housing and land ownership
- b. Poor drainage systems
- c. Poor quality and inadequate road transport networks
- d. Poor sanitation and waste management
- e. Poor attainment of literacy and numeracy
- f. Youth Unemployment
- g. Poor access to quality Healthcare facilities.
